Headline: June 2022 Spotlight - Solar Grids

Polk County, FL - Hi, I'm Mary. I became a local Solar Grids franchise owner because I know and appreciate the power of the sun. My passion is helping my fellow neighbors create energy independence—especially with rising energy costs—and impacting our environment in a positive way.

I would love for an opportunity to introduce myself and my team, and to show you all the benefits of going solar in a very easy-going, enjoyable way. My team and I are not pushy sales people. We just love casually showing you how solar power can positively impact you and your home!

For more information, please call 863-282-6909 or visit <https://www.solargridspolk.com/>
