Headline: March 2021 Spotlight - Mark Weidemyre, Realtor, The Atlas Group

West Central FL - The Atlas Group Realty Services LLC is a full-service real estate brokerage that serves West Central Florida. The company was established in 2018 in Spring Hill and has recently expanded to Polk County with a second office in Haines City. The Atlas Group embraces a concierge-style approach, designed to meet the unique, multifaceted, and ever-changing needs of home sellers and buyers. With rapid and ongoing advances in technology, consumers have access to more real estate market information than they ever have before. Thus, the need for professional representation has been redefined and is more important than ever!

While many real estate brokerages continue to operate with a “discount-to-get-your-business” and “one size fits all” model, The Atlas Group acknowledges the value of time saving efforts made by consumers due to these advances and provides each customer with an individualized approach to help navigate through each step of the often misunderstood, complex real estate transaction process.

The Atlas Group’s local Agent, Mark Weidemyre, excels in areas where others subceed, managing behind the scenes tasks and staying on top of contingencies to ensure successful, timely closings, referrals, and lifelong customers. Mark’s relationships with trusted lenders, inspectors, title companies, contractors, and other real estate professionals in the community ensure that his clients’ best interests are always looked after. He would love to help guide you through your unique home buying and selling journey. Contact Mark Weidemyre at [mark@theatlasgroup.com](mailto:mark@theatlasgroup.com) for your personal consultation.
