Headline: May 2022 Spotlight - Haines City Northeast Revitalization Group, Inc.

Haines City, FL - The Haines City Northeast Revitalization Group was organized in the 1980's. Before it was incorporated, it was a group of likeminded community leaders who wanted to keep the community informed. The leaders wanted to ensure that civil rights matters were addressed in the predominated area of Haines City known as Oakland. The leaders ensured the organization was incorporated and obtained the group's non-profit status.

The purpose and mission of the Haines City Northeast Revitalization Group is to work toward continued improvements for the beautification, education, safety, and welfare of our community and to restore a sense of community pride.

We are one of the leading non-profit organizations to partner with the City of Haines City. We have volunteered with the Parks & Recreations Department, Haines City Police Department, CRA, Boys & Girls Club Inc., Keep Polk County Clean Inc. and others on many projects over the years.

In 2020, we adopted the community garden, known as the Oakland Legacy Garden. In 2021, we held the 1<sup>st</sup> Inaugural Juneteenth Gala and Parade. In 2022, we held our 1<sup>st</sup> Annual Life Skills Conference to teach everyday life skills. It is our intention to pay it forward once a month in our community, which aligns with our purpose and mission.
