Headline: Introducing NEP Chamber Member Spotlight Series

Haines City, FL - Starting in July 2020, our Chamber will begin our new monthly NEP Chamber Member Spotlight series. At the beginning of each month, we will share a short excerpt about one of our awesome Members, and it could be you! This excerpt will be an included article featured on our website’s Business Spotlight page under the Members tab. It will also be shared as a press release and included in our weekly e-newsletter and on our social media platforms.

If you would like to see your business included in this series, please submit the following information to Olivia Feliciano - olivia.feliciano@northeastpolkchamber.com.

- One - three paragraphs discussing your business.

   In your article, you may talk about the history of your business, the great things your business has done for the community, the services your business offers, future plans, or anything else that you want to share with other Members and the community.

- An accompanying photo.

   The photo may be of your logo, your business itself, your staff, or a relevant photo that accompanies what your article discusses.

If you would like to be featured in our new spotlight series but need help putting together an article, this can be arranged as well.
