One real-life client gave an outstanding testimonial about Rental and Realty Group's quality of service. "Rental & Realty Group has managed my properties since 2010 and I have also sold some thanks to Luana's expertise. I am not resident in the USA so I put my trust in R & R all the way from Europe. Their use of online management systems, monthly statements, regular email communication and on-time monthly rental payments makes my life easy. Special thanks to Trish for her attention to detail and for keeping her eye on my investments and processing jobs as they are required. I totally trust R & R and that is why I have stayed with them for over 10 years. Keep up the good work!" - Martin H. This review truly speaks for itself.
